

LOANER FREEZER POLICY

If your bar or restaurant is short on cold storage space and you meet our **monthly purchase minimums of 500 cubes or more** (approx 3 cases per week) we will set you up with one of our small storage freezers for the life of our partnership. If our partnership would come to an unfortunate close then we would simply pick up the freezer.

Please note: Loaner freezers are the property of Ice Punk and **must only be used to store Ice Punk products**. We ask that you please do not store food or miscellaneous items in our freezers. Ice punk reserves the right to pick up the freezer at our discretion.
